# **Now Second City** In the World

NORWICH, CONN., FRIDAY, SEPTEMBER 2, 1910

GREATER NEW YORK'S POPULA-TION IS 4,766,883.

### **GAINED 38.7 PER CENT**

Census Figures Show Great Growth in Last Decade-Bronx Increase Led All the Boroughs-Queens Second.

Washington, Sept. 1.—Greater New York has a population of 4,766,883, un-der the thirteenth decennial census according to figures issued tonight by Director of the Census Durand. This makes New York the second largest city in the world, and as large as any 1/10 foreign cities excenting. London tro foreign cities excepting London. Since 1900 the population of the metropolis has increased by 1,329,681, or 38.7 per cent., as compared with 3,437,-202 under the last census.

Bronx Gained Over 100 Per Cent. The borough of the Bronx showed the greatest increase in the greater city, Queens, Brooklyn, Richmond and Manhattan following next in order. The figures for these boroughs to-gether with the increases are as fol-

Bronx—430,980, an increase of 230,-473, or 114.9 per cent. Queen—284,041, an increase of 131,-042, or \$7.6 per cent. Brooklyn-1.634,351, an increase of

467,769, or 40.1 per cent. Richmond—85,969, an increase of 18,948 or 28.3 per cent. Manhattan—2,331,542 an increase of 81,449, or 26 per cent

Nearly Equals Fourteen Big Cities. New York city contains only 164,649 ewer people than the combined fourteen cities of more than 200,000, the population of which already has been announced, namely, Pittsburg, St. Louis, Detroit, Buffale, Cincinnati, Newark, Milwaukee, Washington, In-dianapolis Jersey City, Kansas City, Providence, St. Paul and Denver. The aggregate population of the cities named is given as 4,931,532.

Creeping up on London. New York, Sept. 1.-While ize licenses issued by other which discriminate against ork by allowing New York own-beind London in the race for the y a limited time to take out light of the world, she is so when traversing their territory, far ahead of the other great cities of certain," said F. H. Elliot, chief Greater London's population to be 7 429.740 as against 6.581,372 in 1901. That New York is slowly catching London is shown by the fact that in eight years London's increase was 848,368, while that of New York for ten years was 1,329,681.
